CAREER OBJECTIVE

I have hands-on experience in solving various Windows-related problems including installation, boot errors, driver issues, and system slowdowns. I can troubleshoot blue screen errors, fix startup problems, install and update software, remove viruses, and configure network settings. I also help users with data recovery, partition management, and overall system optimization to keep their PCs running smoothly.

EDUCATION

2020 – 2023 B.Sc., in Computer Science & Engineering.
NORTHERN UNIVERSITY OF BANGLADESH
2017 – 2019 Higher Secondary Certificate
Chatmohar Govt. College, Chatmohar, Pabna

WORK EXPERIENCE

I am experienced in solving a wide range of **Windows operating system problems** including installation, system troubleshooting, driver issues, network configuration, and performance optimization. I have practical hands-on knowledge in:

- Installing and configuring different versions of Windows (XP, 7, 10, 11)
- Fixing boot errors, BSOD (Blue Screen of Death), and startup issues
- Troubleshooting software compatibility and driver conflicts
- Managing partitions, data recovery, and formatting
- Virus and malware removal, registry cleanup, and performance tuning
- Network troubleshooting including Wi-Fi, LAN, and IP configuration
- Installing essential software, updates, and security patches
- Helping users with Windows UI/UX issues and daily problems

PROJECT

- | | |
|--------------------------|--|
| Web Dev.
(JavaScript) | Personal-Portfolio , Stack: <i>JavaScript ES6, HTML5, CSS 2023</i>
Personal Portfolio is a compilation of academic and professional materials that exemplifies your beliefs skills, qualifications, education, training, and experiences
<i>React, JavaScript ES6, HTML5, CSS3, Bootstrap5 2022</i> |
| Web Dev.
(React JS) | Online Grocery Shop Where you will be able to login, see products, add products to cart, checkout order, dark mode and many more. |
| Web Game
(JavaScript) | Snake Game , Stack: <i>JavaScript ES6, HTML5, CSS3, 2022</i>
The Snake Game is a classic arcade game where the player controls a snake that moves around the screen, eating food and growing in length |
| Web Dev.
(React JS) | E-commerce Website Ema-Jhon , Stack: <i>React JS, JavaScript ES6, HTML5, CSS3, 2022</i>
○ E-commerce website Where you will be able to login, see products, add products to cart, checkout order |

SKILLS

Web Development Skills

- HTML5, CSS3, and basic JavaScript
- **Tailwind CSS**, **Bootstrap**, and **DaisyUI**
- **React.js** (basic level) – for dynamic web applications
- **Next.js** – server-side rendering & fast websites
- **Node.js** and **Express.js** – basic backend experience
- Git & GitHub for version control
- Responsive design and cross-browser compatibility
- Figma to HTML conversion (basic UI design to code)

Computer Troubleshooting (Windows)

- Windows installation & activation (XP to 11)
- Driver installation & update troubleshooting
- Fixing boot errors, BSOD (Blue Screen of Death)
- Virus & malware removal, system cleanup
- Partitioning, formatting, and data recovery
- Network setup: Wi-Fi, LAN, IP configuration
- Software installation and OS optimization
- Registry edit, safe mode fix, startup repair

PROBLEM SOLVING

I have solved hundreds of algorithmic and data structure problems on platforms like **URI**, **LeetCode**, **Codeforces**, **HackerRank**, and **UVa**. I regularly participate in online programming contests to improve my logical thinking and problem-solving skills. Additionally, I have taken part in several on-site and intra-university contests, including those organized by the **NUB Programming Club**.

AFFILIATION

2022-Present General member at **NUB Programming Club**.

COURSES

- Web Development at Programming Hero(90% Marks avg.)
- App development With Jubayeer
- Web Development at LearnWithSumit

LANGUAGE PROFICIENCY

Bengali Native Proficiency

English Intermediate
